The Honorable Rosa DeLauro
Ranking Member
Committee on Appropriations
H-307 The Capitol
Washington, DC 20515

Dear Chairman Cole and Ranking Member DeLauro:

I am requesting \$1,957,600.00 for the Town of East Greenwich's UV Disinfection System Replacement in fiscal year 2027. The entity to receive funding for this project is the Town of East Greenwich, located at 125 Main Street, East Greenwich, RI 02818. The funding would be used to replace the existing UV system with a dual-channel, flood-hardened low-pressure high-intensity (LPHI) UV system to improve wastewater treatment. The project is an appropriate use of taxpayer funds because it will ensure that East Greenwich is able to meet water quality standards.

The project has a Federal nexus because the funding provided is for purposes authorized by Title VI of the Clean Water Act, 33 U.S.C. 1381 et seq.

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

Seth Magaziner
Member of Congress
